

# Royal Cross Community Award Appeal

Royal Cross has entered the OneFamily Foundation Community Award Appeal to help raise funds to replace our school minibuss and we have successfully made it through to the next stage of the Community Awards, the public vote.

The PTFA and families have done a fantastic job and we have £10,000 towards the cost but are still a long way off our target. To help school one of our Governors has helped to put together an appeal for funding with OneFamily Foundation Community Awards. This is where communities can put forward nominated projects to receive funding. The projects that receive the most votes will receive the funding.

The voting is now open and we only have until September 6<sup>th</sup> to get as many votes as possible!
